

## August 7, 2021 Regular Club Meeting Notes

### Attendance:

Larry Smith      Gary Radabaugh      Dan Moorehead      Sam Samuelson      Gary Church  
Bill Berry      Lou Ann Berry      Kermit Ruble      Ralph Newell      Bill Chency      Alan Elfine

Meeting called to order by Larry Smith.

Sam Samuelson gave the Treasurers report, all is well...

- **FAA news**

Larry Smith opened discussion about the new FAA Drone rules, the ( TRUST ) test and Certification was discussed. Larry showed his Certificate. FAA Part 107 was discussed as well as new transponder requirements coming up. Larry stated that there is information posted on the web site.

- **Maintenance Items**

#### **Craftsman Lawn Tractor:**

The idler pulley on the mower deck broke has been repaired by Dan Morehead and Bill Berry.

#### **Cub Cadet Zero Turn**

Dan Moorehead said that the left-hand steering on the mower is beginning to fail. He has been babying the mower when using it and also using the Craftsman as a back up mower. Joe asked Dan and Bill Berry to check on if we could replace the needed parts ourselves or have to take it somewhere to get it fixed. They are also going to research how much it will cost to repair. Additional discussion took place, more research will be done, but it is thought that repairs will be costly.

#### **Old Cub Cadet Zero Turn**

Joe Kapraun mentioned that Roy Grimm is interested in the old zero turn mower and asked the members in attendance about if they club wanted to keep the mower for spare parts, fix it up, etc. We discussed this project and at this time we will use the mower for parts.

#### **Orange Fencing**

Gary Radabaugh installed a parcel section of the new fencing and we voted to have all four 16 foot sections built and installed by Gary. Total cost to the club minus donations will be 300.00. It was moving and seconded and the motion passed.

#### **Work Party**

The Work Parties have been scheduled for Sept 3<sup>rd</sup> to power wash the trailer and strip the flooring and get ready for painting and Sept 10<sup>th</sup> to power spray the outside of the trailer with either BEAR or GILDON DARK GREY paint. We will purchase five gallons and either rent or purchase a paint sprayer to make the job easier.

#### **Purchase of Fuel**

It was discussed and a motion was made and seconded to purchase more fuel. We have three gallons on hand at this time. Sam and Larry will go to AERO-TECH to purchase either 12 or 16 gallons soon.

**2021 Officer's Positions Open**

Larry opened discussion on the 2021 Officer's positions that are open to be filled. The positions of ( PRESIDENT and or SECRETARY ) are available, Joe currently is filling bother positions and needs someone to help him out. If you wish to fill one of these positions we will hopefully fill them at the Sept. meeting.

**BARCC WEB SITE RENEWAL:** It's time to complete our annual web site renewal,the fee is100.00. The site is hosted by ( PRIME41.com ). An invoice has been sent ant as soon as Sam receives it a check will be cut.

Meeting was closed by Larry Smith
